ICT BUSINESS-TO-BUSINESS (B2B) MATCHMAKING EVENT

Dear Friends and Colleagues,

We are glad to announce the ICT B2B Matchmaking Event which will be held at the Aleksandar Palace Hotel in Skopje, Macedonia on April 7-8, 2010. We are bringing together a wide range of ICT companies and associations from many countries to provide them with excellent opportunities to network and do business with each other.

This event will provide you the opportunity to find:

- buyers for your products and services;
- suppliers for products and services that you need;
- partners for projects or joint ventures;
- outsourcing partners;
- partners for joint participation in donor and government funded projects; and
- potential investors

The event will start with brief introductory presentations on the following key topics:

- Global Trends in the ICT Sector
- EU Funding Programs for the ICT Sector
- Key Presentation on Best Practices on doing business with IT in the EU, US, Asia, etc.
- Update on the Regional IT Training and Certification Network

The presentations will take place in the morning of April 7. The afternoon of April 7 and all day April 8 are reserved for direct meetings between companies. Meetings can be arranged in advance based on your profiles and in addition there will opportunities for more spontaneous “speed dating.” The Draft Agenda, Profile Form and very preliminary list of attendees are attached.

We encourage all of you to forward this invitation to any of your potentially interested partners and most importantly to any ICT companies that might be interested. There is no fee for attending, but ICT companies must cover the cost of their own travel and accommodation expenses or obtain funding from their local in country donors.

If you are interested in participating, please contact us at B2B@crimsoncapital.org.

We look forward to seeing you on April 7 and 8 in Skopje!

Best Regards,

Crimson Capital

We apologize in advance if you receive this invitation from more than one source, but we are trying to inform all our partners to the fullest.
